### RVFR High Country Weekend Sheepyard Flat Rotarians and friends welcome

**What?** Fellowship weekend January 2012 Australia Day weekend. Come along and join in for a weekend of Rotary fellowship, fun, and a bit of four wheel driving in one of the best destinations in Victoria. Easy access for all four wheel drive vehicles.

**Where?** Sheepyard Flat, of course, in the Howqua Hills on the pristine Howqua River. It is a large open area with lots of trees, long drops, barbecue areas (fire restrictions permitting) and dog friendly.

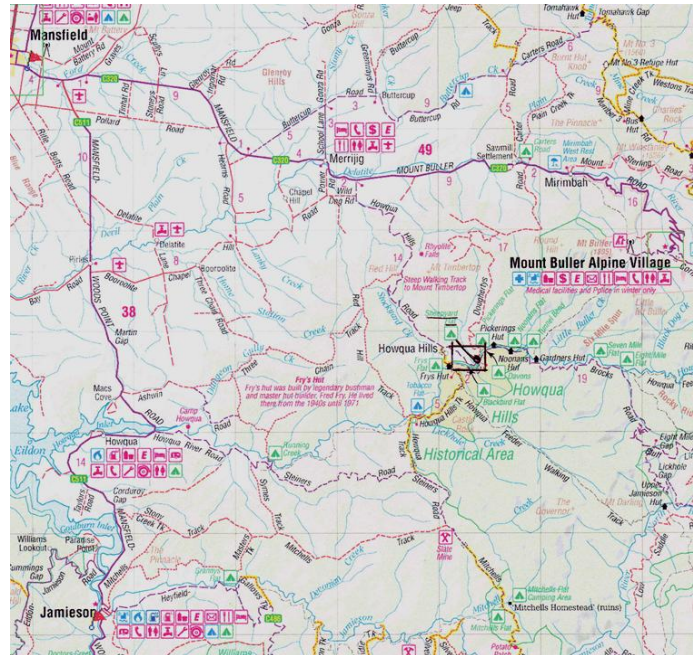

**When?..**The Australia Day weekend – Thursday 26<sup>th</sup> January 2012 (Australia Day) onwards.

**Logistics?** Anni and Tony Milln (RC Kyneton) (and anyone else who wants to get there early) will move in on about the Tuesday and cordon off a spot for everybody – so it's important to know fairly early who are going to be starters. Once there everyone needs to be self-sufficient.

**Things to do?** This is some of the best and most interesting four wheel driving (mostly not too hard) in Victoria, there are walking trails, and abundant bird life (for those who watch the avian variety). And come 5 o'clock it won't be hard to make our own fun. This will be a fellowship weekend so there won't be a trip leader, it will be as adventurous or restful as everyone would like it to be.

**Emergencies?** Mansfield (28km) has medical and hospital facilities as well as being a nice place to visit and stock up on stuff.

**How to get there?** It's easy to get to via Mansfield and Merrig, with a few km off the bitumen on the Howqua Hills Road into the camp.
