

“What Rotary Does” – Booth Information

The 2019 Multi District Conference Rotary Showcase (House of Friendship – Expo) will be held in 3,000 square metres of the Exhibition Centre, adjacent to the Conference. The Showcase will be open on Saturday 16th and Sunday 17th February. The public of Victoria will be invited in to see “What Rotary Does” and we would like you to come and show the wonderful array of projects we do and how we help.

As there are over 200 clubs across the four districts, it may be necessary to select projects from those that apply to have a booth. If there are clubs that have similar projects, we will encourage them to share a booth both to reduce costs to clubs and to allow the resourcing to be shared amongst the clubs. We will help to facilitate this.

The two types of booths outlined below are available for clubs to display their projects and are priced differently based on the cost. If you are interested in applying to have a booth at the Showcase, please contact Sue Cornelissen by email on sueandwil@hotmail.com or call for further information on 0425 808185.
